

Intern Year

Intern Year is not really a course. It is a year of your life that you will devote part of your time to becoming a young leader, discover how to live life with purpose and learn the foundations for Christian discipleship, mission and ministry. It is a part-time enrolment and by the end of it you will have completed the Certificate IV in Christian Life & Ministry (Code 10496NAT).

Course Delivery:

- Meet on campus with a community of young adults for lectures, field trips, workshops and more one day per week (during school term times).
- Weekly commitment to leadership and ministry in your local church and community.
- Mid-year Urban Mission Exposure Trip to Melbourne.
- Optional Conferences, Mission Experiences, Leadership Training, Vocational Coaching

and other opportunities for students to grow in their unique gifts & strengths.
